

Summer Watering Schedule

The permanent every-other-day watering schedule will help us to achieve lasting, long term improvement in water efficiency and conservation. Odd and even watering schedule provided below. The watering schedule is based on the last number of customers' street addresses. No outdoor watering between 10AM – 6PM and **no watering on Wednesday's**

- If the last number of your address ends in an **even number** your watering days are:
Sunday, Tuesday and Friday
- If the last number of your address ends in an **odd number** your watering days are:
Monday, Thursday and Saturday
- Exceptions to this may be made for District and City of Steamboat Springs approved management purposes.

Tips for summer irrigating:

- MWW has free irrigation timers that can connect to your hose, visit the Fish Creek office to pick one up
- Turn off your sprinkler system if it has rained

Fish Creek Treatment Plant Facilities Master Plan Update

Carollo Engineers completed the 100% design drawings necessary for Phase 2B construction. Large equipment components including the new generator have been ordered. Moltz Construction and Triangle Electric and have started preliminary construction which includes working on the electrical components and preparation for the new Orthophosphate system which will utilize Lime and CO2.

Above, concrete is being poured for Phase 2B. Below MWW staff showing off their gnomes that they made during one of their team builders!

- Summer Watering Schedule & Irrigation Tips
- Yampa River Botanic Park info & Plant Suggestions

Ski Time Square Turnaround Project

This project includes the removal, upsize, and replacement of the VCP sewer main with a new PVC main and water main improvements under Ski Time Square Drive near Kutuk Condo's. The project will be completed in partnership with the City's Turnaround Project. Native Construction will mobilize to the site the Monday after the Resort closes to start the project.

Snow Depth and Snow Water Equivalent (SWE) as of 3/26/24

Colorado snowpack was 110% of Average. The snow depth at the SNOTEL tower site (near the top of Buffalo Pass) was 48 inches and the SWE was 13.9 inches. This snow fills Fish Creek and Long Lake reservoirs which gives us the raw water supply for the Fish Creek Treatment Plant. As of 3/7/24 the Fish Creek Reservoir was 41.5% full.

2025 Projects Outlook

Planning, engineering, and design for the Sewage Lift Station and Booster 1 Water Distribution Station improvement projects are underway with upgrades expected to start in 2025.

As a friendly reminder, starting January 1, 2024, rate increases for water and wastewater collection services were approved by the Board. For more information please visit our website at mwwater.com

Tobe the dog assisting her human Bryan Ross with snow removal!

Board of Directors Meeting

The next regular board meeting will be held at 8am on Friday May 17th at the District Office, 3310 Clearwater Trail. Please visit www.mwwater.com for the complete schedule of 2024 Board Meetings

AquaHawk Alerting is a FREE service for Mount Werner Water customers that will assist them in efficiently managing their water usage and lowering their monthly bills. **Register now - visit <https://mww.aquahawk.us/>**

Plant Insight from the Yampa River Botanic Park

With a short growing season of only 60 days, think of drought-resistant plants for your landscape. At the Yampa River Botanic Park (YVBP) you will find inspiration in the water wise garden that features beautiful blooms and ground covers from around the world as well as native plants that are perfect for growing in our valley. Rocky Mountain Penstemons (shown below) have gorgeous purple flowers will attract pollinators and grow in rocky soils, catmints are also very low maintenance. For more ideas, visit the YRBP this spring and summer. The park opens May 1st and closes after the first snow, the park is free to the public! There are many volunteer positions available!

Rebates available for toilets (pre-1994), dishwashers (pre-2002) & clothes washers (pre-2000) in the District. For details call 970.879.2424.

To pay your **water bill online**, visit **www.xpressbillpay.com**, you will need your account number, if you don't have it please call our office at 970.879.2424, we are happy to help! You can setup auto-pay and make paying your bill easy!
